LTI External Tool Configuration in Blackboard

Login as the Blackboard System admin.

Click **Admin** in user navigation panel to open the Admin Panel.

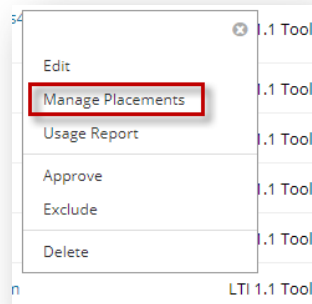

Click **LTI Tool Providers** in the **Integrations** section.

Search for EvaluationKIT LTI tool.

Click the grey context arrow.

Click **Manage Placements**.

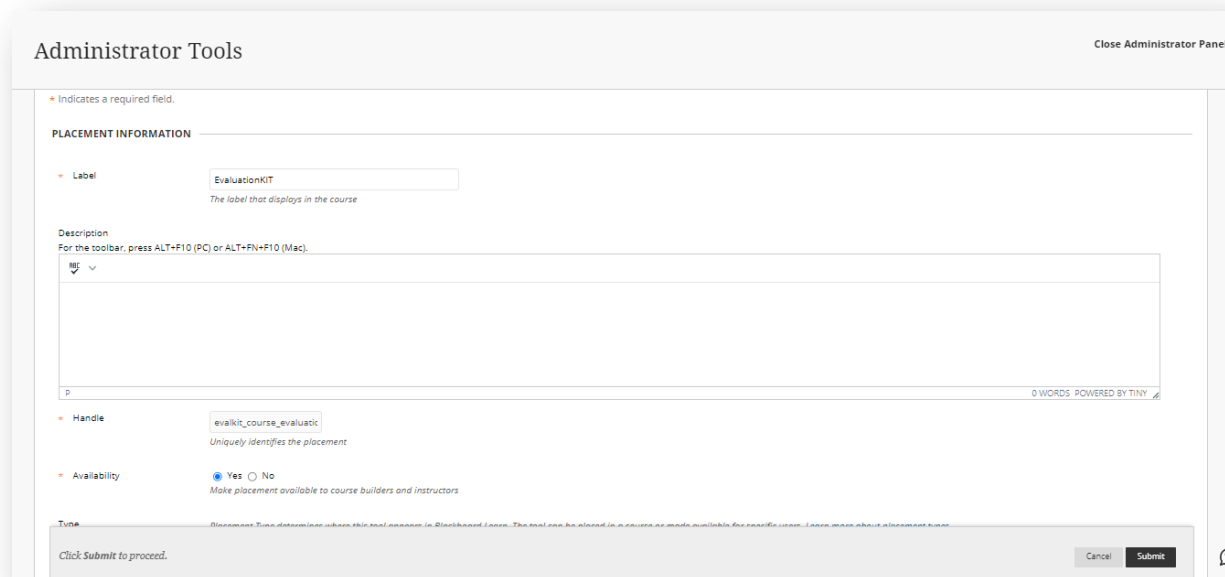

Click Create Placement.

Insert **EvaluationKIT** as label.

Insert an appropriate handle, e.g. `evaluationkit_course_evaluations`. This should be unique.

Set **Availability** to **Yes**.

The screenshot shows the 'Administrator Tools' interface for creating a placement. The form is titled 'Administrator Tools' and has a 'Close Administrator Panel' button in the top right corner. A legend indicates that a red asterisk (*) denotes a required field. The form is divided into sections: 'PLACEMENT INFORMATION', 'Label', 'Description', 'Handle', 'Availability', and 'Type'. The 'Label' field contains 'EvaluationKIT' with a tooltip 'The label that displays in the course'. The 'Description' field is a rich text editor with a toolbar and a word count of '0 WORDS POWERED BY TINY'. The 'Handle' field contains 'evalkit_course_evaluatic' with a tooltip 'Uniquely identifies the placement'. The 'Availability' field has radio buttons for 'Yes' (selected) and 'No', with a tooltip 'Make placement available to course builders and instructors'. The 'Type' field is partially visible with a tooltip 'Placement Type determines where this tool appears in Blackboard Learn. The tool can be placed in a course or made available for configuration. Learn more about placement types'. At the bottom, there is a 'Click Submit to proceed.' instruction and 'Cancel' and 'Submit' buttons.

Icon Upload a custom icon that will be shown in the course. The size of the icon should be 50 by 50 pixels.

TOOL PROVIDER INFORMATION

Enter the Tool Provider Information. The Tool Provider URL must be located on one of the configured host names.

- Tool Provider URL
- Tool Provider Key
- Tool Provider Secret

Tool Provider Custom Parameters

Enter any custom parameters required by the tool provider. Parameters must each be on their own line and be entered in "name=value" format.

Click **Submit** to proceed.

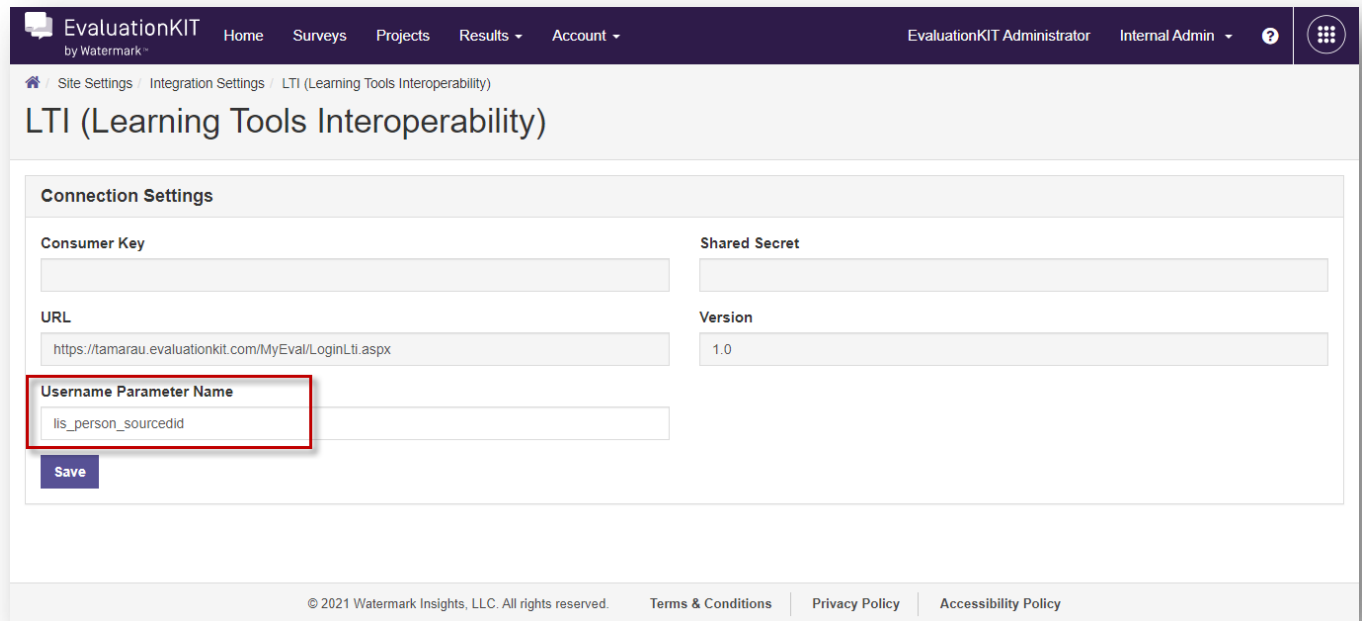

Click **Submit**.

EvaluationKIT Integration Setup in EvaluationKIT

Log in to your EvaluationKIT Account as the EvaluationKIT Administrator.

Go to **Account > Integrations (section) > LTI** to configure the Username Parameter.

Change the **Username Parameter Name** to **lis_person_sourcedid**.

The screenshot shows the EvaluationKIT administrator interface. The top navigation bar includes 'Home', 'Surveys', 'Projects', 'Results', and 'Account'. The user is logged in as 'EvaluationKIT Administrator'. The breadcrumb trail is 'Site Settings / Integration Settings / LTI (Learning Tools Interoperability)'. The main heading is 'LTI (Learning Tools Interoperability)'. Below this is a 'Connection Settings' section with the following fields:

Field	Value
Consumer Key	[Empty]
Shared Secret	[Empty]
URL	https://tamarau.evaluationkit.com/MyEval/LoginLti.aspx
Version	1.0
Username Parameter Name	lis_person_sourcedid

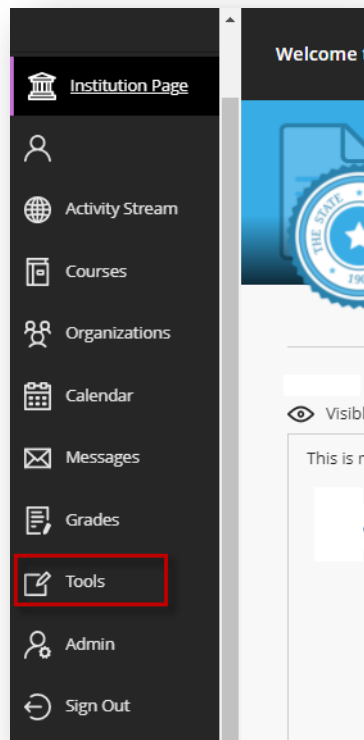

A 'Save' button is located at the bottom left of the settings form. The footer contains copyright information and links to 'Terms & Conditions', 'Privacy Policy', and 'Accessibility Policy'.

Click **Save**.

Accessing EvaluationKIT from Blackboard

Log into your Blackboard account.

Click **Tools** in the left navigation panel.

Choose **EvaluationKIT** from the list of tools.
